We are aggregating, with patience and professionalism, players at all levels:

1. **Production companies** / **importers** of all types of batteries and accumulators (portable, industrial, vehicles, etc...);

2. **Distributors** and local installers that collect batteries and / or vehicles and / or industrial batteries and accumulators;

3. Other workers (**Craftsmen** holders of the waste, **Collectors**, **Transporters**, **Storage Platforms**);

5. **Recycling companies**;

6. **End users** (citizens, institutions and communities).
